

January 31, 2010

Greeting Brother Knights,

Room At the Inn is a charity we have been asked to support, by our State Officers. They work tirelessly to help women at risk of abortion to make a positive decision to keep their children. They do this through a significant two year commitment to a mother, and through an after care program.

They are now working to expand their focus to the most active front in the war against abortion, the college campus. A majority of abortions are committed by college-aged women and Room At the Inn is taking their effective model of support for women at risk to the campus to address this need.

They have asked all Knights across the NC to help raise the final million dollars they need to begin building their new facility on the campus of Belmont Abbey. For our generosity and success in raising \$1,000,000, The Knights of Columbus will be offered naming rights for this new facility. We intend to name it after our founder: "The Michael J. McGivney Center for Life".

Room At the Inn is a Catholic organization, operating in Charlotte, NC and serving women throughout North & South Carolina. They are building the first college based maternity center in the country, designed to serve pregnant women, who are most at risk of having abortions. The Knights across the Carolinas are being asked to support this campaign as our commitment for life. As your Grand Knight, I am personally asking you to please make a pledge of support to this effort. Our goal is 100% pledge participation as a sign of Unity in this fight for life.

Our church teaches that abortion is the murder of an innocent life. As tragic as that is, it would equally so for our council not to support such a worthy and noble ministry that has proven so effective in saving babies in our community from a certain death.

I thank you and Vivat Jesus!

Brother SK Thomas W. (Tom) DuPree, GK, PFN, VAVS Representative Durham VA
Council 9709, All Saints Council

Room At the Inn is a non-profit charity and your donations are tax deductible.
